## Profile

---

Highly motivated Front End Web Developer. Proficient in HTML, CSS, JavaScript, and responsive design frameworks. Committed to delivering high-quality projects within deadlines while continuously staying updated with the latest web development trends and technologies. Seeking a challenging position in a dynamic organization to utilize my creativity and technical expertise.

## Work Experience

---

### Front End Web Developer

- Developed and implemented responsive and user-friendly web applications using HTML, CSS, and JavaScript, resulting in improved user experience and increased website traffic.
- Collaborated with cross-functional teams to design, code, and test new features and functionality, resulting in seamless integration and successful project completion within tight deadlines.
- Optimized website performance by conducting thorough code reviews, identifying and resolving bugs, and implementing efficient coding strategies, resulting in improved page load times and increased conversion rates.
- Created and maintained documentation for codebase, including detailed technical specifications and user guides, ensuring easy accessibility for team members and facilitating seamless knowledge transfer.
